

Slim Combination Laptop Lock

Slim Combination Laptop Lock (Resettable) – Part Number: K60600WW | UPC Code: 0 85896 60600 0

Slim Combination Laptop Lock (Serialised 25-pack) – Part Number: K60602WW | UPC Code: 0 85896 60202 4

Slim profile, broad benefits.

With today's slim laptops, a typical cable lock head may fit. However, since the laptop itself is so thin, once the lock is attached, the laptop will not lie flat. The Slim Combination Laptop Lock is the strongest keyless locking solution that allows ultra-thin and 2-in-1 laptops with standard lock slots to lie flat and stable.

Features include:

- Slim profile allows laptop to lie flat & remain stable
- Tough lock head and cable
- Enables one-handed use
- 4-wheel number code with 10,000 possible combinations (*K60600WW Resettable; K60602WW Serialised*)
- Pivot and rotate cable
- Register & Retrieve™
- Tested and verified
- Made by Kensington, inventor and worldwide leader in laptop security locks
- Five-year warranty

Slim Combination Laptop Lock

Slim Combination Laptop Lock (Resettable) – Part Number: K60600WW | UPC Code: 0 85896 60600 0

Slim Combination Laptop Lock (Serialized 25-pack) – Part Number: K60602WW | UPC Code: 0 85896 60202 4

Allows Ultra-Thin and 2-in-1 Laptops to Lie Flat and Stable

Slim lock head won't raise your device off its surface.

Tough Lock Head and Cable

Verified and tested for industry-leading standards in torque/pull, foreign implements, lock lifecycle, corrosion, and other environmental conditions. Carbon steel cable resists cutting attempts, and anchors to desks, tables and other attachment points.

Unique Lock Engagement

Expanding side “hooks” grab the internal sides of the lock slot, creating a strong connection between the device frame and the lock to resist and deter theft.

Pivot and Rotate Cable Head Featuring One-Handed Operation

Allows for easy and flexible connection and movement.

Resettable & Serialized (Preset) Locks

Resettable locks offer up to 10,000 possible combination codes that can be selected by the user. Serialized locks are supplied with a serial number etched on to the lock head, perfect for large-scale deployments.

Register & Retrieve™

Register & Retrieve™ Online Portal

Lock registration tool that allows administrators to easily manage locks and offers combination retrieval if a code is ever forgotten or misplaced.
